Update Regarding Behavioral Therapeutic Consultation Provider Qualifications

The purpose of this memorandum is to notify Medicaid providers of the changes in provider qualifications for Behavioral Therapeutic Consultation services for the Mental Retardation (MR) Waiver. The same provider qualifications will apply to the Individual and Family Developmental Disabilities Support (IFDDS) Waiver when the final regulations are effective fall 2006.

All providers enrolling as new Medicaid providers of behavioral therapeutic consultation on or after July 1, 2006, must possess one of the following:

- v. A Virginia license as a psychologist, psychiatrist, professional counselor, clinical social worker, or psychiatric clinical nurse specialist; OR
- v. a certification as a Board Certified Behavior Analyst (BCBA) or Board Certified Associate Behavior Analyst (BCABA); OR
- v. an endorsement as a Positive Behavioral Supports Facilitator issued by the Partnership for People with Disabilities at Virginia Commonwealth University. Scholarships for this program are available from the Partnership for People with Disabilities. See contact information below.

This will allow the provision of two additional modalities of therapeutic consultation - Positive Behavioral Supports (PBS) and Applied Behavioral Analysis (ABA) - to be billed as Medicaid MR Waiver services. These modalities are clinically proven to be effective for individuals with autism, autism spectrum disorders, and individuals with severe behavioral difficulties. PBS and

MEDICAID MEMO

ABA are comprehensive approaches to behavior change that support people with challenging behaviors with the primary goal of improving the quality of life, while reducing or eliminating the problem behaviors.

Providers who are currently enrolled with DMAS to offer Behavioral Therapeutic Consultation (billing code #97139), but do not possess one of the qualifications listed above, will be granted a period of **one year** to obtain the appropriate license, certification, or endorsement in order to continue as a DMAS-enrolled Behavioral Therapeutic Consultation provider. By June 30, 2007, all providers of Behavioral Therapeutic Consultation will be expected to be licensed in the Commonwealth as a psychologist, psychiatrist, professional counselor, clinical social worker, or psychiatric clinical nurse specialist; possess certification or licensure in ABA or have an endorsement in PBS. Questions regarding the change in provider requirements should be directed to the DMAS Provider Enrollment Unit at 1-888-829-5373 (in state toll-free) or 1-804- 270-5105.

The Partnership for People with Disabilities at Virginia Commonwealth University offers a training curriculum in PBS for providers to obtain endorsement in the practice. This training curriculum and endorsement process is now recognized by DMAS for provider enrollment for Therapeutic Consultation. Scholarships sponsored by the Department of Mental Health, Mental Retardation, and Substance Abuse Services are available. To obtain information on the PBS endorsement process from the Partnership for People with Disabilities and the available scholarships, visit the website: www.vcu.edu/partnership/pbs or call 1-804-828-3876.

Board certification as a Behavior Analyst or Associate Behavior Analyst (BACB) must be obtained through the Behavioral Analysis Certification Board, a non-profit corporation in Tallahassee, Florida. Information on the certification requirements and process can be obtained from the BACB web site at <http://www.bacb.com> or by postal mail at 1705 Metropolitan Boulevard, Suite 102 Tallahassee, Florida 32308.
